Dear Parents/Carers,

As you are aware we recently underwent a full Ofsted Inspection and I am now able to share the Ofsted report with you. The opening section of the report encapsulates everything that is truly unique and special at All Saints' as it states that 'Pupils value the warm family atmosphere of the school'. That they 'benefit from strong relationships with staff who know them well and care about their well-being.'

Although the overall outcome for the school is now at Requires Improvement, the report is an accurate reflection of where the school currently is and refers to the changes that have already been made since September to address legacy issues and concerns. It is pleasing to see this directly addressed in the report as it states 'The school and multi-academy trust are united in their vision to improve the school. They have brought about changes that are having a positive impact on many aspects of the school's work.'

The report identifies a number of areas that the school need to address to improve; these are all areas that we have already been addressing and will continue to do so across the remaining weeks this year and next academic year. If you would like to discuss any of the areas within the report with myself or a member of the Senior Leadership team, please feel free to contact, Mrs Groom, Headteacher's PA, on s.groom@allsaintshigh.lancs.sch.uk

I am confident that with the changes we have already implemented, alongside those planned, that the school will continue to improve delivering results that will enable all our students to be educated spiritually, morally and intellectually.

It is vital for the success of all our students that we continue to work together, so I would like to thank you again for your continued support during this year.

Yours faithfully

Mrs Lord
